

Dear Parents,

Well, here we are, June 2021. We made it to the end. Thank you all for working with us this year, for following the guidelines and helping to keep us all in school. I am proud of what we were able to do together.

The June calendar is coming with this letter. As you can see, we are starting to allow the students to do more and have some fun activities. The calendar is more full than any of the others this year, and we are only here for 2 ½ weeks this month! I am hoping that come September we can truly get back to “normal” and really enjoy our new building.

Next week is the eighth grade graduation. This Sunday is the traditional Baccalaureate Mass where we share the graduates with the parish. Bishop Cote is coming to say the Mass this year, so if you are deciding which Mass to attend this weekend, the 10:00 am on Sunday would be a good choice. It is fun to see the eighth graders dressed in their caps and gowns, especially for those of us who remember them as Kindergartners!

Classes are going on field trips to the park, having fun days with their reading buddies and having fun days in general. As you can see on the calendar, the last three days are ½ days and the students will not need to be in uniform those days. We do ask that on the last day, students dress up a bit as we will be going over to Church for Morning Prayer.

It has been a different year. We have adjusted to our new building and worked within the confines of the Covid restrictions. But, I also think it has been a good year. A great deal of learning took place. Students adapted to staying in their classrooms, teachers worked very hard to make sure all of the students, those in class and those at home, received the attention and instruction they needed. We all learned a great deal. But now we are ready to have a nice relaxing summer vacation. Teachers will be sending home summer reading lists and suggestions, and we will ask that some math facts get studied and we keep those brains sharp. But mostly, we want everyone to relax, recuperate and enjoy the summer. We have earned it!

God Bless,

Doris Messina
